For most evolution, and 'ancient aliens' believers, the most science they know is from public school, and star wars (or star trek).. The creation of the Universe: 'The Big Bang' The creation of Man: evolution Doctrines: The Scientific Method, Equality, Gender Denial End Times Prophecy: The sun will expand and burn the earth, and we'll all die if we don't build space ships to fly away like on TV Clergy: Science Promoters.. The first half or 2/3 of the video, though, is really pretty solid and hammers the Ancient Aliens nonsense really hard.. You know why substituting Aliens into the demonic false religions of the past works so well? Because 'aliens' are the current fraud perpetuated by demons to try and make false religions real.. Coincidentally, evolution, the first teaching of this false religion even before it took hold in schools during the 1900s when God and the Bible were removed; Evolution was made up during the 1800s, which is also when the false return to the promised land while still in rebellion (Zionism, the Fraud nation of israel) were envisioned.. So when God is removed, they have to make up something to take His place, so we have this new world order religion gradually being made up, comprised of all the elements of any other religion.. The 1800s is when the devil started preparing for the end times tribulation in earnest.. The technology that was used is unbelievable, even today it can't be explained It's one of my favorite shows. 6e4e936fe3 [Unduh Aplikasi Youtube Android Cara Evercoss](#)
